

## DETAILED INSTRUCTIONS FOR THE RETURN OF BICYCLE TUBES VIA UPS

**1** Please first enter your **Schwalbe customer number** and confirm your entry with ENTER or by clicking on the small arrow. Your address data will fill in automatically.

**2** Please provide the package weight (min. 33 lbs - max. 45 lbs are permitted). The package dimensions are voluntary.

*Round the package weight to full pounds. If the package complies with the conditions below and you have read the information on possible costs (under point 4), please confirm this by clicking on the two checkboxes. With „Process shipment“ you create the return label.*

### HOW BIG AND HEAVY CAN MY PACKAGE BE?

- Packages may weigh up to 45 lbs (approx. 130 tubes), but should weigh at least **33 lbs** (approx. 90 tubes)
- The girth dimension of the package must not exceed 105 inches. With the length being no more than 48 inches.  
Girth: 1x length 2x width + 2x height

We recommend using standard boxes to keep you within the allowable index dimension.

#### Index Dimension Examples

1x 24 in + 2x 16 in + 2x 16 in = 88 in girth  
1x 32 in + 2x 24 in + 2x 12 in = 104 in girth

**3** Print out the label and stick it on the package where it is clearly visible

*Make sure there are no other control or shipping labels on your package*

*Only 1 package may be used per return label*

*Now you can drop off the **package** in person at a UPS shipping location or simply give it to a driver with your next UPS delivery*

*Here you can find the nearest drop-off location  
Find drop-off location: [Find a Location](#) | [UPS - United States](#)*

**4** UPS usually collects the package the next working day. Please have your package ready for the driver

#### IMPORTANT INFO ON POSSIBLE COSTS:

The sending in of old hoses is free of charge for you. However, if a cardboard box is sent in that exceeds the weight of 45 lbs or the belt dimension of 105 inches, this can lead to higher costs. In this case, we reserve the right to charge the costs incurred to the sender.
